## **Background**

**VAM Engineering (Pty) Ltd** is a stainless-steel welding and pipi fabrication company, established in 2019 and officially registered in 2023 under the registration number 2023/782301/07. Our commitment to providing efficient and dedicated customer services is evident in our core values and business operations.

The company is proudly 100% black-owned and co-managed by Venancio Afonso Mutombene. Recognizing the potential of small to medium-scale enterprises (SMMEs), particularly in our industry, we strive to bring a fresh and vibrant approach to business operations.

Our focus extends beyond business success to addressing critical socio-economic challenges, aiming to mitigate unemployment, crime, and poverty. We are dedicated to working collaboratively with relevant departments to ensure adherence to regulations and safety standards while contributing to the improvement and maintenance of business standards.

# **Mission, Vision, Objectives & Strategic Desirables**

## **Mission**

*Provide efficient services, continually attracting a large clientele base and fostering customer loyalty through professionalism. Simultaneously, we aim to assist the South African government in overcoming challenges related to poverty, unemployment, and crime.*

## **Vision**

*To stand out as a leading provider of air conditioning and related services in the industry, exceeding client expectations and winning the trust of both large and small enterprises. We aspire to alleviate business service competition through enhanced productivity.*

## **Objectives**

- *Deliver excellence in service to customers.*
- *Ensure client satisfaction and loyalty.*
- *Maintain resilience in the face of economic challenges.*

## **Strategic Deliverables**

VAM Engineering Pty Ltd aims to:

- *Provide Efficient Service to Clients.*
- *Contribute to the growth of the South African economy through tax contributions.*
- *Fulfill social responsibility by donating and sponsoring community projects.*
- *Collaborate with stakeholders to combat crime, unemployment, and poverty.*

## **Managing Structure**

*Our Managing Director, Venancio Afonso Mutombene, possesses extensive experience and expertise in the industry. Having worked in stainless steel welding, pipi fabrication, and general management, his practical knowledge and commitment drive the company forward. His hands-on approach ensures efficiency and effectiveness in daily operations, marketing, and general management.*

# **SERVICES**

VAM Engineering Pty Ltd is a stainless steel welding and pipe fabrication company founded in 2019 and officially registered (2021/782301/07) in 2021 with an income tax number: 917834277.
